

# EAS MODEL 5000 For commercial applications

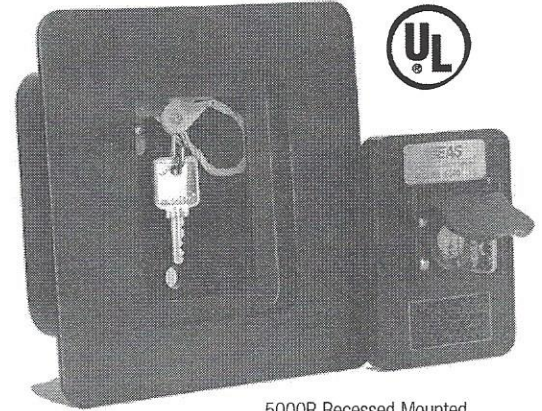

5000 Surface Mounted

The **5000 Model** is a high-security lock box that is designed for multiple uses including emergency, industrial, and government use. This model, which accommodates up to 10 building/access keys, can be used for general key control or as part of the EAS Emergency Access System. Along with key storage, the 5000 is ideal for housing access cards and various small entry items and is versatile for both exterior and interior applications.

- High security Medeco lock (U.L. listed)
- Polyester powder coat; black brown or gray

## Options

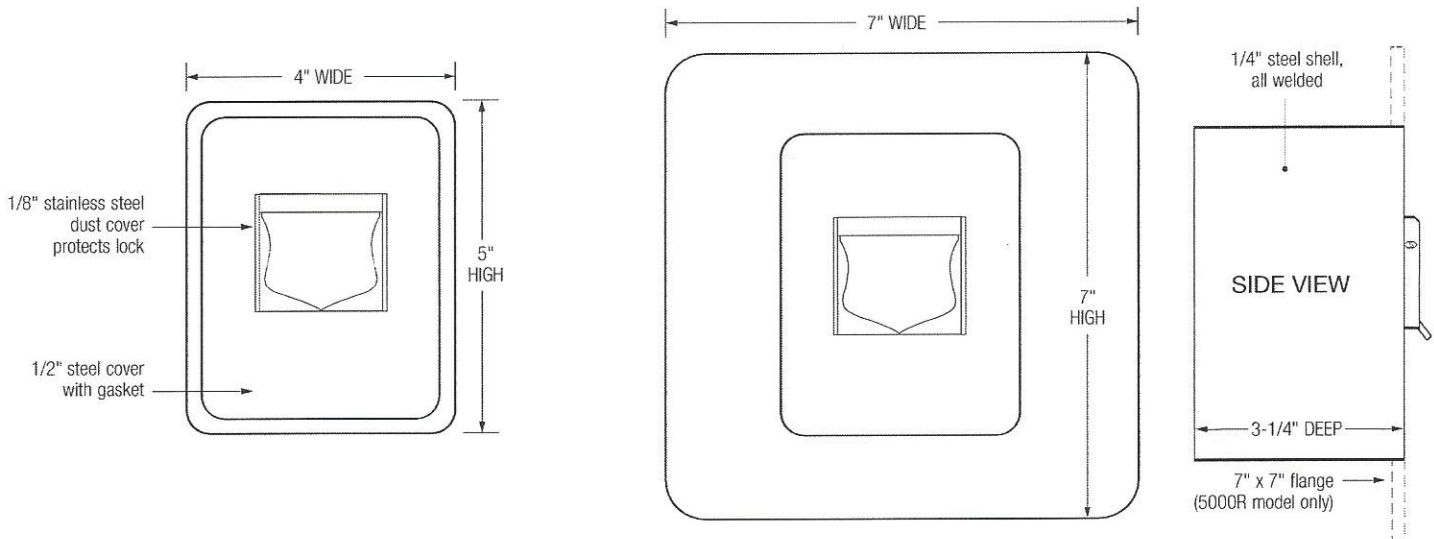

- U.L. listed tamper switch with bracket
- Recessed Mounting Kit (5000RMK) for new construction only when installing the recessed model 5000R
